Sawmill GC features 18 memorable holes in the rolling countryside of Niagara. The picturesque property is accented by deciduous forests, tranquil ponds, meandering creeks and beautiful perennial gardens. The course, designed by Gord Witteveen and Nicol Thompson, opened for play in 1976. Sawmill is well known for its large and fast greens with subtle undulations. Sawmill is a busy semi-private club with a full membership, active leagues, and lesson programs. The junior program has grown into one of the best in Ontario and provides lessons to over 400 kids each summer. Sawmill has been the home of local charity and business tournaments and regularly hosts competitive junior, amateur, and Niagara pro events. Although many golfers still fondly remember Sawmill as a 'hidden gem,' the secret is out! You'll see why it is one of Niagara's most popular golf courses! George and Gail Julie are the owners/proprietors and stalwart members of the Golf Historical Society of Canada. At Sawmill, their credo is "We have a passion for golf".
